EDUCATION

National University Manila | August 2022 – September 2026

Bachelor of Science in Information Technology (Mobile and Web Applications) **Cum Laude**

- **Dean's Lister, Academic Year 2023–2024**
- **Temporary basic member of Google Developer Student Clubs**

PHINMA-Saint Jude College Manila | 2020 – 2022

Technical-Vocational-Livelihood Information and Communication Technology

- Academic Average: 92.43 **With High Honors 2021–2022**

OBJECTIVE

Motivated BSIT-MWA graduate and passionate game enthusiast seeking opportunities in software development, IT support, and the game industry, including game development and game testing. Eager to apply my technical knowledge, problem-solving skills, and attention to detail to real-world projects while gaining hands-on professional experience. Committed to continuously learning, adapting to new technologies, and developing my skills while contributing to meaningful projects and growing as a technology professional.

WORK EXPERIENCE

IT Support Intern

Concentrix | November 2025 – February 2026

- Supported or assisted multiple agents with technical issues related to the devices that they use
- Assisted the juniors and seniors with network configurations inside data centers or server rooms
- Troubleshooting of multiple assets or hardware devices that the agents and workers use in the building

Full-stack Mobile and Web Developer Intern | Project Lead Intern

Nexvision Innovations Inc. | March 2026 – May 2026

- Contribute with the development of the projects that were given to me, mobile and web, frontend and backend.
- Onboarded and lead the other members by assigning them with different tasks and keeping track with the project progress.
- Presented the entire project, progress and specific features to the members, vital members and the client of the project.

TECHNICAL SKILLS

Frameworks & Tools:

Flutter, React, Firebase, Git, Vite, VS Code, Android Studio, Canva, Figma, Unity, Godot

Database:

Firebase, MongoDB, Supabase

Programming Languages:

Python, Java, Dart (Flutter), HTML, CSS, JavaScript, Typescript C++, C#

Other Skills:

Basic Networking, Troubleshooting, UI/UX Design, Basic Game Development
